1. The Waggonfabrik at Wismar has been combined with both local shipyards into a Soviet AG and this new concern is now building small vessels under the name of "Programa Sainder".
2. The vessels are, in fact, minelayers with a capacity of 50 mines and are destined for the Black Sea Fleet.
3. It is stated that 4,500 workers are at present engaged on this building program. The number is to be increased to 8,000. Part of this number is to be employed at Kaliningrad, where branch undertakings are to be set up.
